Lennox Photo--Then and Now

BACK IN 1931, when Fred and Edith Lennox opened their photo business in Albany (top photo), the building was almost the only business on the block. The same building (indicated "1479") in the lower photo is shown today, almost dwarfed by surrounding business places. After 36 years of service to the area, Fred and Edith last week sold the business to Dave Beckman and Dick Chandler. The couple plans to continue to live at 622 Santa Fe and concentrate on their joint hobbies of taking pictures during their world travels.

Note of Thanks

We wish to thank our wonderful Albany friends for their cards, memorials and other expressions of sympathy and kindness following the sudden death of Edwin S. Howell.

COUNCIL TAKES STEPS TO INSURE SAFETY OF SCHOOL CHILDREN

A problem which has arisen frequently in Albany is destined to be solved if members of the City Council have anything to do about it.

At Monday night's meeting, Council requested an opinion

from City Attorney Larry Saler as to which agency has the responsibility for the safety of school children crossing streets; the Council, the Police Department or the Board of Education.

The matter came up when Mayor Richard Clark told of a group of 15-25 school children waiting to cross Marin in the pouring rain Monday morning without a traffic boy in sight. Fifteen minutes later when he again drove down Marin, the children were still there. He told of stopping so they could cross but they wouldn't go.

"It's a good thing they didn't," the mayor said. "As I was stopped, a car whizzed by me at 45 miles an hour."

The mayor added, "If this is a war between the school board and the police department, we should get into that battle and settle it."

Councilman Lewis Howell agreed. "While we argue about responsibility, somebody is going to be killed . . . this matter has been argued for three or four years. . . . If we wait and kick it around, it may be too late for some child in this community." He added that the children must be pretty well trained if they stand on the corner on a rainy day.

Clark added that he believes the Marin extension has created a "freeway syndrome" among residents of the Berkeley Hills en route to the freeway.

The Council a few weeks ago asked Saler to try to find out what Albany can do to adequately mark school crossings at Marin and Cornell and on Jackson at Solano and Buchanan. The ve-

Oaks Theater Premieres As Exclusive Show Case For Key First Runs Today

The Oaks Theater was completed in 1925 and has been continuously operated by the Blumenfeld Theatres without closing, other than for a few days for remodeling over the many years.

In this time, the theater has been up-dated several times to keep pace with the ever-changing and improved methods in projection and different innovations the industry has made.

The 40-year history of the Oaks has been from silent pictures and vaudeville to sound pictures. From small screen to large screens, 3-D and Cinemascope. Various types of recording and wide-range sound were installed. Now the present high-fidelity reproduction equipment is equal to the best available.

Policies have varied and, over the years, the Oaks progressed from what was known as a "neighborhood house" or subsequent run to "first run." In the last few years, the Oaks has emerged into what the industry calls "Key First Run," moving up to national first run release dates.

This progress now brings the Oaks Theater to a present policy that will become effective today, Wednesday, April 12.

The annual conference of the Rotarians of the Albany District for 1967 is to be held at Jack London Square, Oakland, on April 14, 15 and 16. It was announced by Joseph C. Eyring, president of the local Rotary club. "At the meeting," he said, "we will discuss matters relating to this Rotary District, in addition to hearing informative addresses and making plans for increasing our service activities."

A delegation of 25 members of the Rotary club of this city is scheduled to attend the conference. The presiding officer at conference sessions will be Orville Red Bluff, who is Governor of this Rotary District, which comprises clubs from Livestock to Tule Lake.

Among the principal speakers on the conference program are Adolfo B. Autrey of Mexico City, Dr. Earl F. Cheit and Clifford Dochtermann of the University of California. The program will also include special entertainment and hospitality features, such as Sports Day at Rossmore, "Gay Nineties" fashion show and "Young America On Stage."

The conference will nominate Carl W. Rehffuss of Richmond to serve as Governor of this District for 1967-68. He will be elected, along with 278 other nominees of Districts in all parts of the world, at Rotary International's 1967 convention in Nice, France.

Quality of Sex Education Determines Effectiveness

Quality educational material is available, but the quality of the teacher still determines the success of any sex education program, according to a high-ranking Navy doctor. As teachers, he included all persons who provide information.

Capt. James Semmens, chief of obstetrics and gynecology at the Oakland Naval Hospital, opened a series of five lectures on the "Anxieties of Youth," here last Wednesday night with an address on "Sex Education: Parental and Professional Abilities and Responsibilities."

"Sex education should be a team effort, with educators, doctors, clergy, lawyers, bankers and

marriage counselors all working together," he said.

Dr. Semmens said he believes there should be a complete course in family life education during high school. "Fifty percent of the married people today have a high school education or less," he continued, "and they should be made aware of what to expect in the future before they are thrown into it."

He stated that the course should explain some of the basic causes of divorce. He listed different religions, youth, both people working, alcohol, premarital sex, in-laws and money.

The lecture was the first in a series of five free talks on the "Anxieties of Youth" presented at the Albany High School Little Theater in cooperation with the Albany Adult School and the Berkeley-Albany Council of Parent-Teachers associations.

Tonight at 8 p.m. Thomas N. Burbridge, M.D., Ph.D., of the University of California Medical School, will speak on "Drugs: Their Attractions and Misuse."

SANDY HICKS SPEAKS AS MAID WINNER AND LOSER

by James Bates

Sandy Hicks

What does it take to be Maid of Albany? Sandy Hicks, 5'6", 115 lbs., blonde hair and brown-eyed freshman at San Jose State knows what it is like to be both a winner and a loser.

Sandy entered the 1965 contest for Maid of Albany and was selected first runner-up, before re-running and winning as 1966 Maid of Albany.

"The first time I ran I didn't have any confidence in myself," Sandy recalls, "and you need confidence in yourself to be a winner."

Determination and desire are two other elements Sandy feels make up a winning Maid. "After losing the first year I was going to be a quitter, but something down deep seemed to force me into running again."

That something was Sandy's newly found goals, determination, confidence, and a keen sense of competition. Competition, Sandy says, is "something you meet all your life, and because of the contest I was able to make a quicker adjustment to college life."

Sandy found that there were many benefits that she personally gained from the contest. "I feel more at ease with people now because of the experience I gained from the contest," she said.

testants, but the response of the eligible girls in Albany is often disheartening. It does not seem that a girl realizes she has nothing to lose—everything to gain, a chance to prove herself, money, wonderful prizes, and most important, a chance to represent a very fine community. How can any girl pass up this chance?"

Security Savings Offers Life Insurance Program

Bernice Boyd, Assistant President and Branch Manager for the Albany office of Security Savings and Loan Association, has announced details for the new low-cost life insurance program available to savers at Security Savings.

Boyd explained the new program, effective immediately, is available for account holders maintaining a \$2,000 minimum. Premiums range from \$100 depending on the amount of life insurance desired. The amount of the insurance is related to a saver's ac-

count balance and age. The premium is determined by a sliding scale based on age and balance. The cost of the insurance is limited to only 1% or less of the account balance.

For example, if a saver is 43 years old and maintains an account balance between \$6,000 and \$6,999, the saver can apply for \$9,000 in insurance protection. His annual premium would be \$60. The premium is deducted from the account's income leaving a current return of approximately 4.25 per cent on savings based at the current annual rate

of 5.25 per cent. The saver applies by filling out and mailing a short non-medical application. The general agent for the new Security Insurance program is Savings Association Life Insurance agency, Beverly Hills, California. Insurer for the program is Republic National Life Insurance Company of Dallas, Texas.

Mrs. Boyd said full details and information may be obtained from any of the nine Bay Area offices of Security Savings.
